**NOTE:** Any error messages regarding prerequisites, course availability, etc. will be shown during this step

- IF you receive an error message on a course section and would still like to register for it, you must contact the instructor to see if he/she will give you an override for that issue. Record **any/all errors** you receive and let the instructor know what they are. Overrides will need issued for each individual error you received
- IF you are granted an override, once the override is entered into the system **you must go in and register yourself for the course**
- IF you received a Seating Capacity override, you will need to make sure you chose to view the “Open and Full” option under “Course Status” in order to pull that CRN into your schedule from the “By CRN” search option
- IF you receive a message that the class is full but there is an option to wait list:
  - Check the box next to the class you are willing to be on the waitlist for (or do not check any if you do not wish to be on a wait list) and then click on “OK”

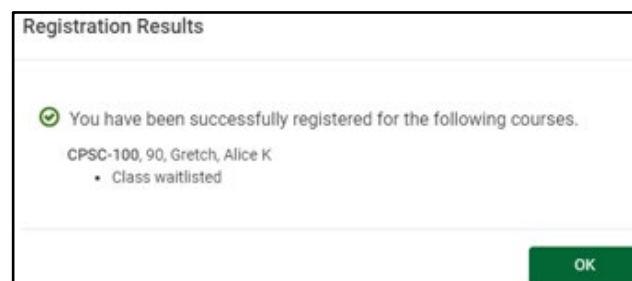

A dialog box titled "Waitlist" with a yellow warning icon. The text inside says: "The following courses are full but have room on the waitlist. Select the courses that you would like to waitlist." Below this, there is a checkbox next to the text "CPSC-100, 90, Gretch, Alice K". At the bottom right, there is a green button labeled "OK".

- Click on “Continue” to Confirm

A dialog box titled "Please Confirm". The text inside says: "Confirm that you want to register this schedule by clicking 'Continue' below." At the bottom right, there are two buttons: a blue "Cancel" button and a green "Continue" button.

- If you did check off a class to waitlist for, you will see this message next

A dialog box titled "Registration Results". The text inside says: "You have been successfully registered for the following courses." Below this, it lists "CPSC-100, 90, Gretch, Alice K" with a bullet point indicating "Class waitlisted". At the bottom right, there is a green button labeled "OK".

- Under the “Edit or Drop Classes” Tab, you will see that you are on the waitlist and you do have the option to remove yourself from the waitlist if you no longer wish to wait for a seat
