

Online PIN Check Cardholder Quick Reference Guide

You're never without your PIN.

As you travel, you will find that Chip and PIN terminals are becoming more common and require the use of a Chip and PIN enabled card. To complete a purchase at these terminals, you will need to enter a PIN rather than provide a signature. The chip supplements the magnetic stripe on the card, providing you with greater access to points of sale and improved acceptance around the globe.

It is important that you remember your PIN and do not share with others. You can retrieve a forgotten PIN online at any time by visiting www.baml.com/PINCheck after a one time registration. The instructions below will help you get started.
